Dear Parent,

Greetings from SKMSVM!

We hope you all are well as we continue to face the challenging circumstance.

First, we wish to congratulate our students on completing the academic session 2020-21 learning and assessment through our online sessions.

The commitment and effort our students have given to their education during this time of remote learning has been inspirational.

At this juncture we would like to share our plan of action for the subjects Computer science, Art and Craft and Physical Education & Yoga current academic session 2021-22.

**Kindly note the following points for the same:**

- Art and Craft curriculum will be taught through prerecorded video classes on every Tuesday from 20<sup>th</sup> April 2021. (Art and Craft me- The prescribed book activities will be given as demonstration in the prerecorded video sessions)
- Physical Education and Yoga will be taught through prerecorded video classes to ensure the fitness of the students on every Thursday and Friday from 3<sup>rd</sup> week of April 2021
- For classes I- VIII a new time table will be shared in the month of June 2021 incorporating Computer Science periods.
- For classes II- VIII Computer Science, a blended curriculum of previous academic session 2020 -21 and the current academic session 2021-22 will be taught and hands on experience will be assured.
- For classes VI-VIII Science work book and Math activity book will be employed as part and parcel of their learning experience.

**NOTE: For the last academic session 2020-21 the number of sessions planned as per MHRD Guidelines and with the available periods the core curriculum was effectively addressed by our teachers.**
